Outline

- ▶ Why did we develop VCenter?
- ▶ What is VCenter?
- ▶ What is the role of VCenter?
- ▶ How does it work?
- ▶ Who uses VCenter?
- ▶ VCenter Gadgets

Why Did We Develop VCenter?

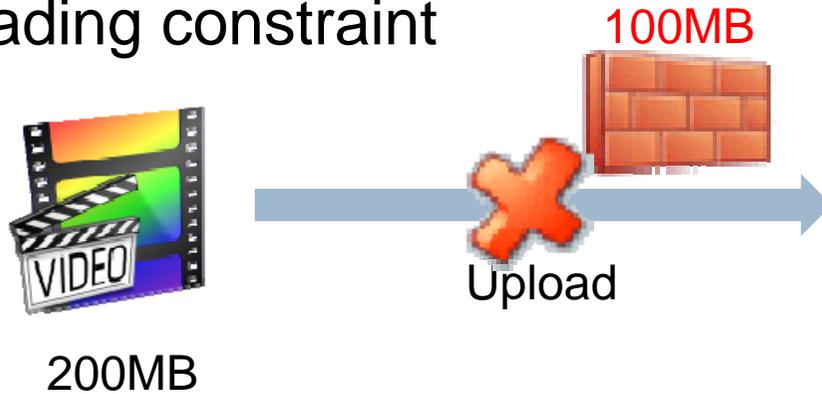

Well-known Multimedia Sharing Platforms

Some Limitations

- ▶ Uploading constraint

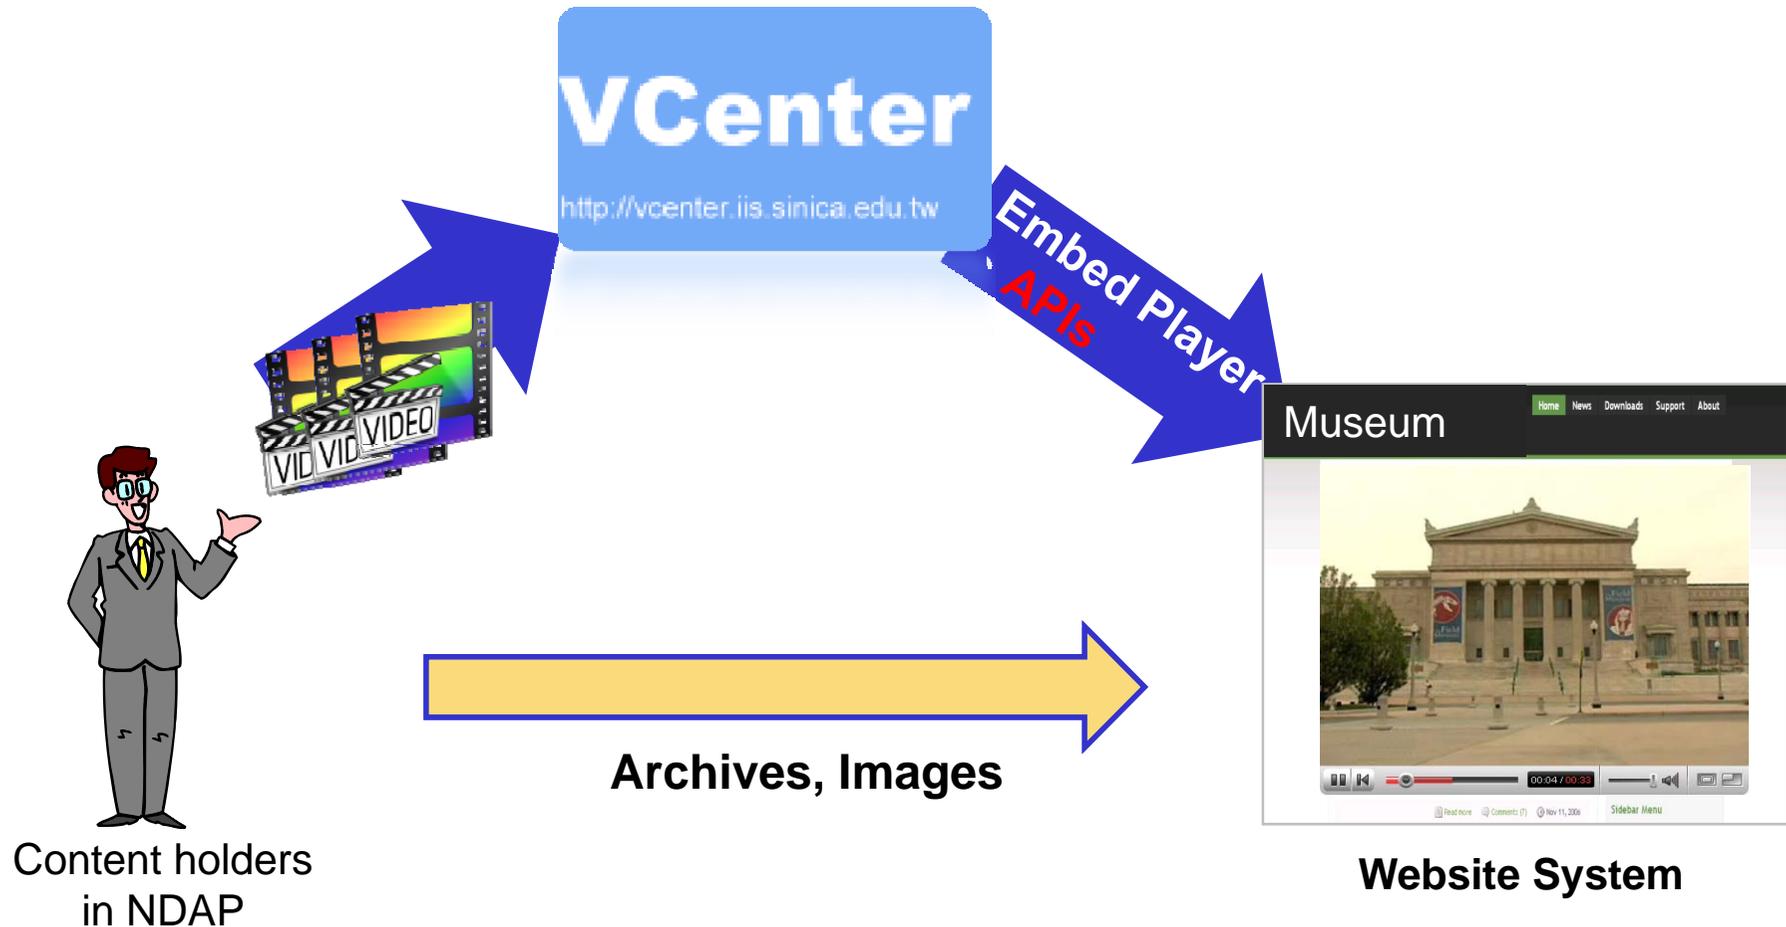

...

- ▶ Batch files processing restrictions

Why Did We Develop VCenter?

VCenter

- ▶ VCenter : Video Center
 - ▶ VCenter is a multimedia sharing platform
- ▶ For the general public:
 - ▶ Personal media blog (audio and video blog)
 - ▶ Upload / Watch / Share audio and video content
- ▶ For museum or archive programs:
 - ▶ Audio and video archive system
 - ▶ Upload / Broadcast / Manage batch audio and video content
- ▶ Online video editor
- ▶ Video Map

What is the Role of VCenter?

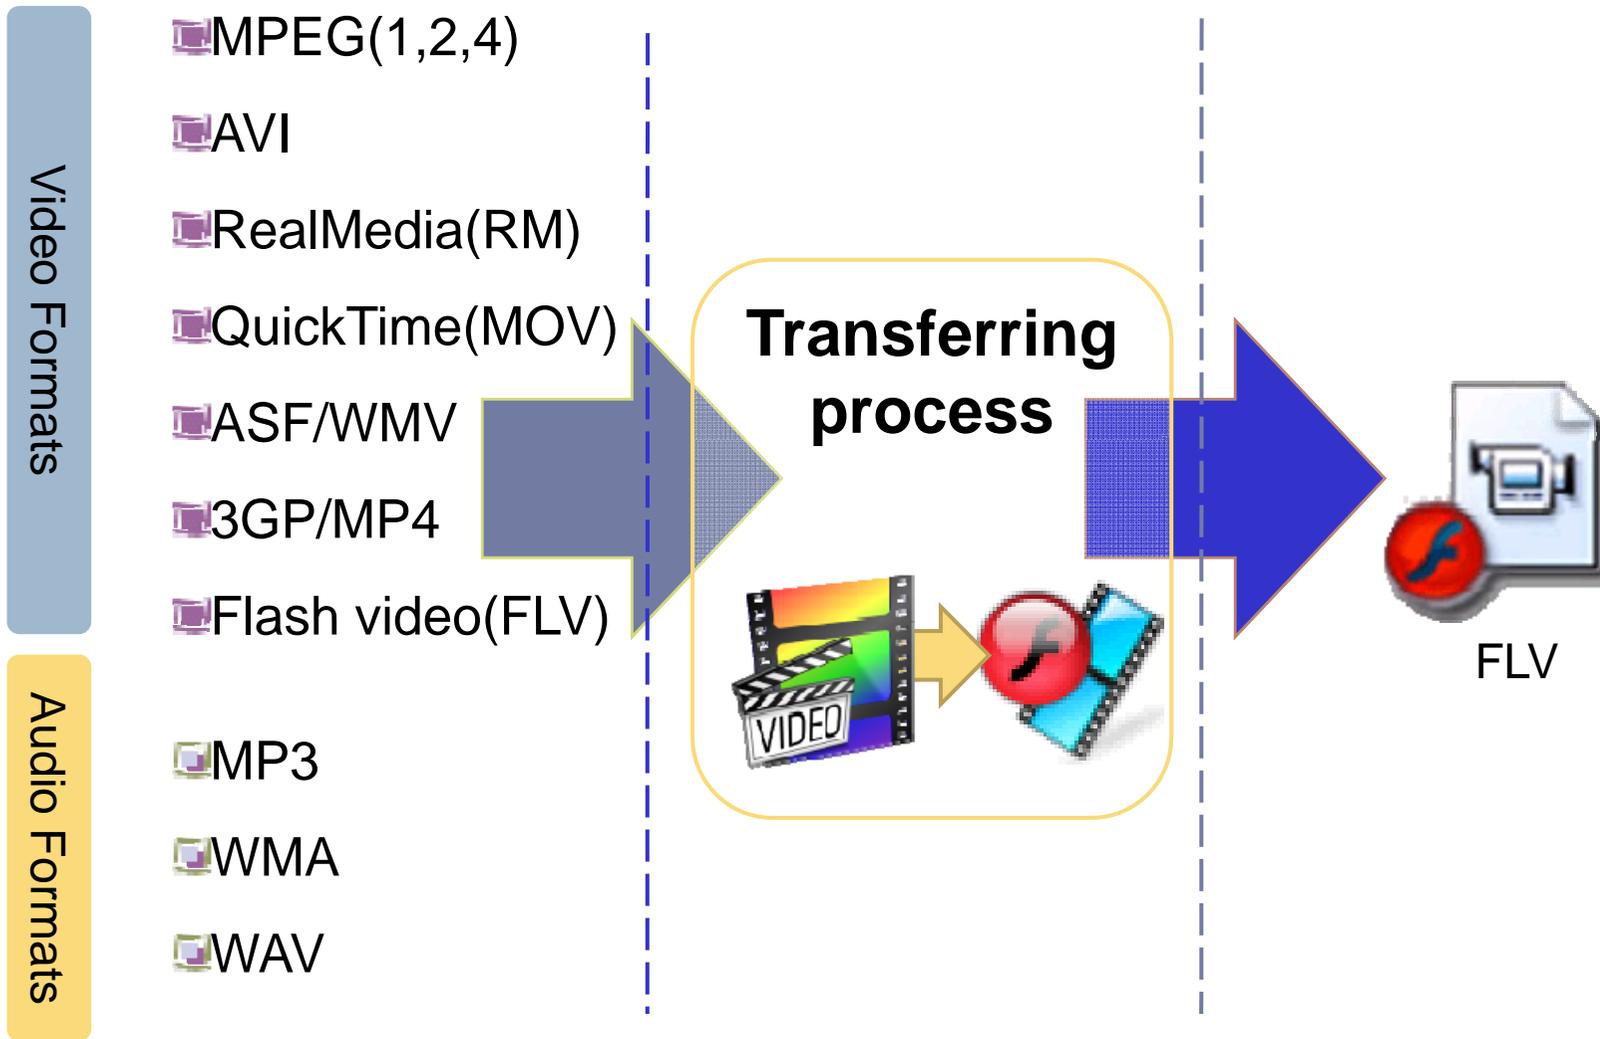

How to upload?

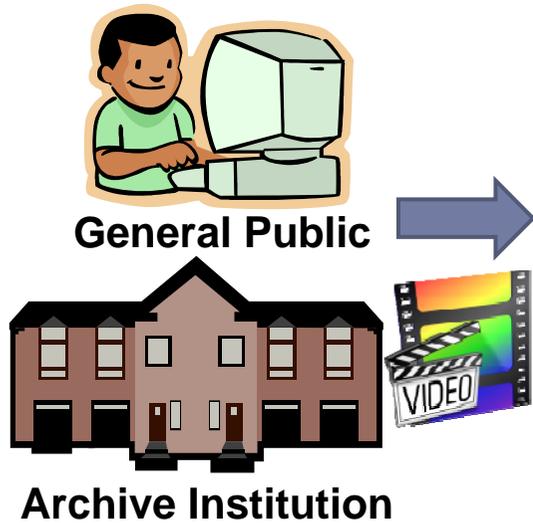

- Acceptable formats
- Upload a single file
- Upload the batch files

Acceptable Formats

Uploading a Single File

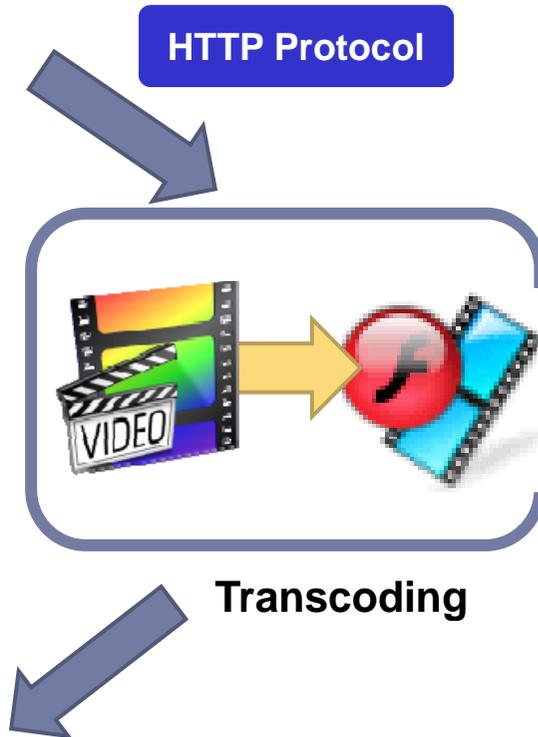

The screenshot shows the "VCenter" website's "Upload Page". It is divided into two main sections: "Step One - Upload File" and "Step Two - Edit Metadata".
Step One includes a file selection area with "瀏覽" (Browse) and "上傳" (Upload) buttons.
Step Two includes a "Title" input field, a rich text editor for "Content", and a "Tags" input field. A "How to Upload" sidebar provides instructions: 1. Select file, 2. Edit the file description (title, content introduction, tags, etc), 3. After your file finish uploading (step 1), click the "Send" button to complete uploading work.

Upload Page

The screenshot shows the "Watch Page" for a video titled "Promotional Films of the Thematic Groups : Rare Books". It features a video player with a play button and a progress bar. To the right of the player, there are statistics: "Viewers: 657", "Average Rating: (0)", and "Your Rating: (0)". Below these are options to "Add" to a catalog, "Share", and "Embed". At the bottom, there are "Related" video suggestions, including "Promotional Films of the Thematic Groups : Zoology" and "Promotional Films of the Thematic Groups : Botany".

Water-mark Sub-titles Cue points Save

Online Editor – Cue Point Setting

- ▶ Set cue points (Marker points)
 - ▶ Seek points
 - ▶ Index points
 - ▶ Key frames

The screenshot shows a video player on the left with a yellow background and the title '善本古籍' (Rare Books) in large black characters. Below the title, it says 'Rare Books'. A logo with a stylized 'd' is in the top right corner. The video player has a progress bar and a volume icon. Below the video player, there are playback controls: a play/pause button, a volume icon, a progress bar, and the text 'VCenter' and '0:37 / 12:15'. There are also buttons for 'Watermark', 'Subtitles', 'Cue points', and 'Save'.

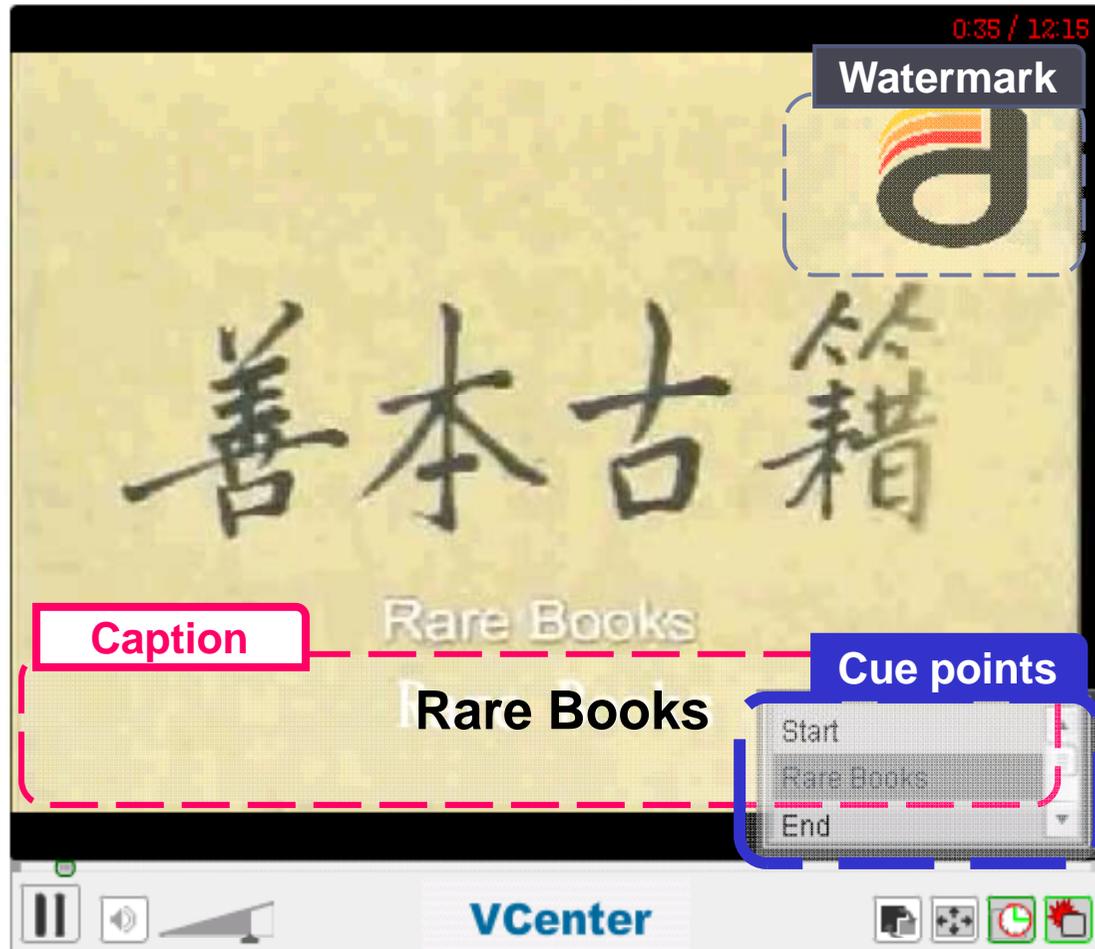

On the right, there is a 'Cue Points' panel with a table:

Time	Description
0.993	start film
674.808	end film
30	Rare Books
335	Digital books

Below the table, there are input fields for 'Time:' and 'Content:', and buttons for 'Delete' and 'Add'. A red arrow points from the 'start film' description to a video frame showing a bird. Another red arrow points from the 'end film' description to a video frame showing a black screen with white text. A third red arrow points from the 'Rare Books' description to a video frame showing the title '善本古籍' and 'Rare Books'.

自己的房間

翻譯名稱: A Room of One's Own

後設資料 授權與引用資訊 連結到原始資料網站

資料類別:
SWS-Wei002-1

資料類型:
藏品層次: 單件
原件與否: 原件
作品類型: 現代戲劇
媒體類型: 數位影音光碟

原作者:
編劇; 導演: 魏瑛娟

主題與關鍵字:
現代戲劇; 魏瑛娟

描述:
摘要/故事大綱: 本劇創作意念源自Virginia Woolf的著作《自己的房間》, 從原本探討女性創作與個人空間的議題, 衍生成以虛構的同性名詞和虛假敘述建構出現多想像的房間; 四位風格化造型的演員在各個(也是同一個)房間裡, 經歷「回憶」、「幻想」、「憂鬱」、「離開」、「死亡」、「重生」...儘管思維天马行空, 卻仍受到狹窄侷促的房間無法離開。作者藉由狹窄的空間與心靈的追求自由形成強烈的對比與矛盾, 意圖以戲劇的方式, 表達對於潛藏於人性中之虛偽與限制的微妙觀察。
保存狀況: 良好
收藏取得方式: 魏瑛娟提供
